

# CHINA CHEATS.

## INDIANA LOSES.

**DEMAND THAT THE CANDIDATES PUT  
A STOP TO THE CHEATING BY ENFORCING  
OUR LAWS AGAINST UNFAIR TRADE.**

Indiana has lost 109,800 manufacturing jobs since 2000. Why? Because too many in Washington are unwilling to enforce our laws against unfair trade, allowing countries like China to cheat, and putting U.S. workers and manufacturers at a disadvantage. Want proof? Our soaring \$256 billion annual trade deficit with China has cost Indiana alone more than 45,200 jobs and more than 1.8 million jobs nationwide.

We need a President and a Congress who will stand up to China. Until then, China will continue to illegally subsidize their industries, keep the value of their currency low, dump their products in the U.S. and steal our jobs. Don't let them get away with it.
